Welcome to the Spring edition of our Newsletter

We have a few exciting changes to our team

Firstly, Our **Head Nurse Kyra** has had fantastic news, she has qualified as a **Registered Veterinary Nurse**, she completed her course just before Christmas and the New Year brought along with it this fantastic news, she has worked so hard and we are all extremely proud of her.

Another of our nurses, **Donna**, left us for maternity leave in December and in February gave birth to a beautiful daughter they have named Emily-Jayne.

Finally, welcome to our new trainee nurse **Hayley**.

She has been with us now for a few months, she has settled in well and is looking forward to starting college in September.

PLEASE JOIN US FOR
CAKE AND A CUP OF
TEA
THERE WILL ALSO BE
TREATS
FOR YOUR PETS
ALL WELCOME

NEW TICK BASED DISEASE-EARLY WARNING ALERT

Babesiosis

Please be aware we have been informed that there is a new tick related disease that is not native to the uk, there have been a few cases in the Harlow-Essex area that have been narrowed down to the same field used to exercise the affected dogs

It can cause acute fever and anaemia in dogs, the good news is that it is treatable.

We do offer a **Tick removal service** here at the practice and we **always** send them off for analysis.
